## LDG AT-1000 PRO FOR SALE:

LDG AT-1000 Pro 1000-watt automatic memory tuner. Includes operations manual and hookups.

**Now Asking \$250. If interested, call Stan Darmofal on 989-724-5550**

### **Specifications (from LDG):**

- Microprocessor-controlled-Switched-L-tuning-network.
- Two-position-antenna-switch-with-2000-memories-for-each-position.
- Adjustable-threshold-for-Auto-mode.
- Back-lit-cross-needle-meters.
- Continuous-coverage-1.8-to-54-MHz.
- Power-rating-HF-(1.8-to-30-MHz):-
  - 1000-Watts-Single-Side-Band,-
  - 750-Watts-CW,-500-Watts,-
  - Digital-(RTTY,-Packet,-etc.),-
  - 6-meters:-250-Watts-(any-mode)
- Capacitor-/Inductor-fine-tune-controls.
- Tuning-time:-0.2-recall,-10-seconds-average,-30-seconds-max.
- Antenna-impedance:-6-to-800-Ohms-(approximately-10:1-SWR,-3:1-on-6M).
- Dual-meter-scale-100/1000-watts.
- Tuning-power:-5-to-125-watts-maximum.
- Relay-protection-software-prevents-tuning:
- Greater-than-125-watts,
- Greater-than-75-watts-into-a-3:1-SWR-load-
- Soft-touch-buttons.
- Includes-6-foot-power-cable.
- Power-requirements:-11-to-15-volts-DC-@-1-Amp-(user-supplies-power-source).
- Enclosure-sizes:-9.5W-x-13D-x-3.5H-(measured-in-inches).
- Weight:-5.2-pounds.

**Complete Icom IC-735 Portable Shack;** Asking \$500: Jeffrey Johnston, K1JWJ, <[frjeff@gmail.com](mailto:frjeff@gmail.com)>, 989-820-6755  
Pickup only (can meet within 75 miles of my QTH).

Selling my complete Icom IC-735 Portable Shack set-up. Have used for two Winters from our Airstream. Everything works perfectly, and all items are in pristine condition. Radio was fully serviced and tuned by Alcomb Technical Support (near Seattle) 18 months ago (all bulbs replaced, tuned, cleaned, etc.) Manuals for radio and SignaLink included. All other manuals available online. Have original Icom IC-735 box. Perfect portable kit (all in one enclosure for easy table top or desk deploy. Or, pull it all out of wooden box and set up as your shack. All you need is an antenna and coax (I even have 100' of high-quality coax I can let go reasonably).

Be on the air in 10 minutes. Perfect kit for newbies or someone looking for a wonderful and complete portable kit.

Includes:

Icom IC735 HF Transceiver, SignaLink USB (digital ops), LDG AT-100 Pro Autotuner, Jetstream JTPS32MAB 32Amp Power supply, Radio Shack Speaker, Icom Mic, Cooling Fan, Portable Enclosure Box

## USED Universal Tower & Accessories - KLM Beam NOT INCLUDED

(New prices shown below are for reference ONLY)

- NEW Universal Tower 15-40 sq. ft. (10 Ft high)

Availability: In stock (Texas Towers) \$319.00

- NEW Universal Tower Mast AL-216 (16' x 1" Aluminum Hi Strength)

Availability: In stock (Texas Towers) \$1,000

- NEW Universal Tower Rotor PLR-18

Availability: In stock (Texas Towers) \$500

- NEW Hygain T2 Twister T2X Rotor (Motor Control Box)

Availability: (RandL Electronics) \$529.95

Total \$2,052.95 NEW Lowest Price Guarantee (plus shipping)

- 
- This used tower and accessories are assembled in excellent condition.

- Used prices from eBay, QRZ, eHam, etc., \$1,050 to \$1,225 (plus shipping)

- Tower hardware and a tilt-over base are NOT included.

- Starting Bid 50% of lowest used price = \$525 (Bids in Whole Dollars ONLY!)

- One Bid per person ONLY

- Tower Package can be inspected in heated garage prior to bid

- Auction closes on Saturday, January 26, 2019, at Noon EST

- In the event of a tie, the earliest bid wins.

---

## Used Gap Titan DX Antenna - Product Description

8 Band Multiband DX Antenna: The Titan is a center fed GAP vertical that provides a host of benefits in a rugged, yet manageable form. The Titan offers broad, continuous frequency coverage in a no tune, easy to assemble format. Designed to work in limited space or as the perfect complement to an antenna farm.

One of the primary virtues of the Titan is the GAP center feed. By elevating the feed, earth loss is dramatically decreased, which means the RF is going out to make contact instead of into the ground to warm the earth. Reducing the earth loss eliminates the need for a radial system. The Titan requires NO RADIALS.

Another key benefit the Titan provides is the ability to go virtually anywhere in the HF amateur spectrum, at any time without having to make any adjustments. The Titan is the ONLY antenna marketed with total continuous coverage under 2:1 on 10m, 15m, 17m, 20m, 30m, 40m and 100 KHz on 80m. Titan's broad bandwidth allows you to tune for any frequency. The Titan is the perfect antenna for getting those multipliers during contests or changing frequencies when conditions change.

The Titan is a respectable 25' tall and weighs a solid 25 pounds. The Titan is configured to mount easily on a 1-1/4" OD. mast. This mast can be a length of your choosing and since the feed point is elevated this mast can be as short as a foot.

The first part of the antenna is comprised of double wall tubing and where the Titan mounts to the mast the antenna is a wall! Which means guys are not a necessity.

- This Antenna and masts are disassembled and in excellent condition.

- The antenna is in 3 completed assemblies for easy re-assembly.

- New price from RandL.com is **\$430** (plus shipping)

- Starting Bid is 25% of new price = **\$108** (Bid in Whole Dollars ONLY)

- One Bid per person **ONLY**

- Antenna Package w/manual can be inspected prior to bid

- Auction closes on **Wednesday, March 27, 2019, at Noon EDST**

- In the event of a tie, the earliest bid wins.

Please contact Stan, W8SZ **BY e-mail** to place a bid on this Antenna package:

## Used Ringo Ranger II, ARX-2B CUSHCRAFT

DESCRIPTION: The Ringo Ranger II, **ARX-2B CUSHCRAFT** has more gain, less wind load, and more mechanical integrity than other two meter antennas. You'll quickly appreciate the benefits of this amazing antenna! Based on the original W1BX Ringo, the Ringo Ranger II is the latest design featuring three 5/8 wave radiating elements and an adjustable 1/8 wave phasing stub. The result is a very low angle of radiation over your coverage area. The Ringo Ranger II has built-in lightning protection, UV-stabilized insulators, heavy wall tubing, improved decoupling radials to eliminate feedline radiation, and all-weather performance.

Specifications	ARX-2B
Frequency, MHz	135-148
SWR 1.2:1 Type 2:1 Bandwidth, MHz	> 3
Gain, dBi	7
Power Rating, Watts (M)	1000
Radiation Angle, Degrees	7
Horizontal Radiation Pattern, Degrees	360
Radiator Base Dia., in (cm)	7.75 (19.6)
Height, ft(m)	14.3 (4.3)
Mast Size Range, in (cm)	1 - 3 (2.54 - 3.2)
Wind Load, ft <sup>2</sup> (m <sup>2</sup> )	0.05 (0.05)
Radial Length, in (cm)	5 (52.1)
Weight, lb(kg)	2.7 (2.7)

- This Antenna and mast are disassembled and in excellent condition.
- The antenna is in 2 completed assemblies for easy re-assembly.
- New price from RandL.com is **\$100** (plus shipping).

- Starting Bid is 25% of new price = **\$25 (Bid in Whole Dollars Only)**

- One Bid per person **ONLY**

- Antenna Package can be inspected prior to bid

- Auction closes on **Wednesday, March 27, 2019, at Noon EDST**

- In the event of a tie, the earliest bid wins.

Please contact Stan, W8SZ **BY e-mail** to place a bid on this Antenna package:

### USED Rohn 25G Tower (50 Foot) For Sale

- Five - 10 foot Straight Sections
- Top Section includes Trust Bearing with Plate Assembly
- Excellent condition; all disassembled and stored inside
- Stainless steel hardware included
- Guy system, including tower guy clamps and cables included

**Asking \$450; Pickup in East Tawas, Michigan**

---

### USED American Tower Light Duty Tower (30 Foot) For Sale

- Two - 10 foot Straight Sections
- One – 10 foot Top Tapered Section
- Excellent condition; all disassembled and stored inside

**Asking \$75; Pickup in East Tawas, Michigan**

---

**To purchase, please contact Art, KC8BXS on 989-362-9792**

### West Mountain RIGblaster plus II Sound Card Interface **For Sale**

- RB/PL2/CUSB model Complete
- USB Cable
- Excellent condition
- 8 pin screw-on custom mic cable
- Owner's Manual
- Accessory Kit
- Instant Setup Connectors
- (2) 1/8" Audio Cables

---

**\$65**
